Changes in Attitudes, Changes in Latitudes

Since our founding, our purpose has been to **NOURISH THE FUTURE**. It is this mission that drives our team.

IT IS IN OUR DNA.

We love that **CONSUMER'S ATTITUDES** about sustainability, social consciousness, and transparency have become top of mind, as these things speak to our

..... **SOUL**

They have fueled our **PASSION** to find the perfect location, to farm the perfect fish, a

SALMON LIKE NO OTHER.

AND WE FOUND IT

in our own backyard. And we did it.

We farmed in the Magallanes Region of **CHILE, IN REGION XII.**

In **REGION XII**, we found

SALMON ARKA*.

*ARKA: Heaven in Kawésqar dialect

Region XII is Salmon Arka*

Approaching Antarctica, in the heart of Patagonia, where strong, cold currents rise from the deep ocean floor and flow in and out of protected fjords – this is where salmon are the happiest.

This is the most sustainable and harmonious place to farm.

THE PERFECT PLACE

For Healthy & Sustainable Salmon Farming

- **Away from any civilization** or other production areas.
- Pristine waters close to Antarctica – the purest waters in the world
- Protected Fjords and strong currents provide an ideal place for salmon to grow.
- Consistently cold, nutrient rich waters averaging 45°F
- **Raised without Antibiotics**
- Some of the **best FCR's (Feed Conversion Ratio)** in the industry
- FEED < 1:1 Fish in fish out
